Friday May 25th 5:30-9:00 pm, Saturday May 26th 9:00 am - 5:00 pm

CHA certified instructors, Tara Reimer and her staff, will teach riding and ground skills. Part 1 includes horse behavior, tack fit, how to stay safe by checking in with your horse, what is your horse communicating to you, what messages are you sending your horse, markings and colors and parts of the tack. Riding on Saturday concentrates on proper balance to gain control.

Part 2 includes bits and biting, lungeing, line driving, working through a horse's fear responses, improving rider balance, rhythm and steering. Participants will be taught effectively in a way that is easy to understand and apply. Safety is important and always our #1 priority.

Participants can ride English or Western. It is always a good idea to go back to basics, regardless of how advanced a rider you are. Therefore all levels of riders are encouraged to attend. Those not wanting to ride are welcome to participate in ground lessons and observe the riding lessons. Either way, a lot can be learned!

Gladly bring your own horse, paying \$15/night for outdoor board. 2018 negative Coggins test required. Rent one of our lesson horses who are very well trained for just \$20. Snacks both days and lunch Saturday provided. Please indicate allergies when registering.

Riders must wear closed toe boots with a minimum 1/2" heel, shirts and long pants.

\$50.00 deposit required to hold your spot. Limited Space available. Payable by e transfer with password 'horse', by mailed cheque payment to Cloud 9 Ranch Box 20232 Steinbach, MB R5G 1R7 or by leaving payment labeled with details and registration form in classroom cash box.
