

Special Events Pricing 2018

Vaulting

No previous horse experience needed to climb aboard a horse and test your balance and confidence through different moves. Suitable for all ages whether youth or adults! Vaulters can ride double at times also! This is very safe as there are handles to hold onto and a qualified instructor controls the horse. Vaulters just need to wear comfortable stretchy clothing with soft soled shoes.

1.5 hour session is \$145.00 plus gst. Most enjoyable for up to 6 vaulters. Practice barrel available between turns. For groups of 9 or more we will have 2 horses going at once.

Riding as a Group

Whether you have ridden before or not, we can accommodate up to 6 riders at a time each riding alone on one of our well trained lesson horses. Riders need to be capable of controlling the horse under the guidance of an instructor. Riders should be 5 years old or older to have enough strength and stability to ride alone. Exceptions may apply. Riders will groom horses, learn safety rules, lead their horse and ride on their own in either the outdoor or indoor arena. Riders are taught enough skills to safely enjoy the ride that includes games on horseback.

1.5 hour session is \$126 for 3 riders, add \$42 per additional rider, up to a max of 6 riders, plus gst.

Leading

We can also lead one horse for one hour around the arena, indoor or outdoor, allowing riders equal riding time. Riders take turns being led while they are seated in the saddle with the reins in their hand and given the opportunity to do some steering, walking and stopping. Rides are short so each rider gets a few turns each.

1 hour session is \$84 plus gst for any amount of riders up to a maximum of 10.

Team Discovery

Work together as a team to complete a task that involves horses. Ground work, no riding, allows for an intimate connection to the horse as you problem solve and work with the horses. Great for character development, confidence, team building, self discovery and more. \$105/hr includes gst

Fire Pit available for \$50 plus gst for 1 hour, wood included. Indoor 10' x 20' classroom is temperature controlled and has tables, chairs and plug ins for \$25 per 1.5 hours, plus gst.
